Performance Steps

1. Nominate approved targets for inclusion into the Joint Integrated Prioritized Target List (JIPTL).
 - a. Submit commander approved targets requiring additional resources to Joint Targeting Board.
 - b. Submit targets requiring air assets through approved processes.
 - c. Submit completed target packets IAW unit SOP.
2. Monitor target approval thru the Joint Targeting Process.
3. Verify target resourcing on Air Tasking Order (ATO) Cycle.
4. Re-nominate targets not supported on ATO cycle.
5. Assess targeting effects and determine re-attack recommendations as required.

(Asterisks indicates a leader performance step.)

Evaluation Guidance: Score the Warrant GO if all steps are passed (P). Score the Warrant NO-GO if any step is failed (F). If the Warrant fails any step, show the Warrant what he/she did wrong and how to do it correctly.

Evaluation Preparation: Setup: Ensure that all information, references, and equipment required to perform the task are available. Use the performance measures and the references to score the Warrant's performance. Brief the Warrant. Tell the Warrant what he is required to do IAW the task conditions and standards.

Environment: Environmental protection is not just the law but the right thing to do. It is a continual process and starts with deliberate planning. Always be alert to ways to protect our environment during training and missions. In doing so, you will contribute to the sustainment of our training resources while protecting people and the environment from harmful

effects. Refer to FM 3-34.5 Environmental Considerations and GTA 05-08-002 ENVIRONMENTAL-RELATED RISK ASSESSMENT. Environmental protection is not just the law but also the right thing to do. It is a continual process and starts with deliberate planning. Always be alert to ways to protect our environment during training and missions. In doing so, you will contribute to the sustainment of our training resources while protecting people and the environment from harmful effects.

Safety: In a training environment, leaders must perform a risk assessment in accordance with ATP 5-19, Risk Management. Leaders will complete the current Deliberate Risk Assessment Worksheet in accordance with the TRADOC Safety Officer during the planning and completion of each task and sub-task by assessing mission, enemy, terrain and weather, troops and support available-time available and civil considerations, (METT-TC). Note: During MOPP training, leaders must ensure personnel are monitored for potential heat injury. Local policies and procedures must be followed during times of increased heat category in order to avoid heat related injury. Consider the MOPP work/rest cycles and water replacement guidelines IAW FM 3-11.4, Multiservice Tactics, Techniques, and Procedures for Nuclear, Biological, and Chemical (NBC) Protection, FM 3-11.5, Multiservice Tactics, Techniques, and Procedures for Chemical, Biological, Radiological, and Nuclear Decontamination.
